## Report: ProjectWise Keeps Getting Better

ProjectWise is the defacto industry standard for connected data environment and for engineering project collaboration. And no wonder, in actual experience, ProjectWise pays out in **less than six months** after installation. Where else can you get an investment where you get your money back in six months and then just keep on gaining a return?

**Where does the return come from?** It comes from an increase in the speed of your project by reducing delays. By being able to rapidly communicate updates and resolve construction issues, you get an assurance of submitting correct versions.

And see how ProjectWise is growing! Now **integrated with Office 365**, ProjectWise can handle BIM reviews, bid management, construction management, work packaging, all the way to handover. ProjectWise is scalable from the no-cost ProjectWise SHARE to small installations deployed on your hardware, all the way up to enterprise in the cloud

covering all the functions on a major project.

Pricing is simple. Pay an **affordable per-user cost** and get free access to all the powerful servers. From webparts, add Performance Dashboards, Issues Resolution, and Field Data Management, just to name a few. Archway has helped several growing companies implement ProjectWise just this year. Each were **implemented in 2 weeks or less**. Let's discuss how we can help you take advantage of the leading data management and collaboration solution!

### Save the Date: SoCal Bentley Bash 2020 - January 10-11, 2020

The new year is only a few months away and with that comes the annual SoCal Bentley Bash at **Rio Hondo College** in Whittier, CA. This year, the Bentley Bash will be taking place on **Friday-Saturday, January 10-11th, 2020**.

Online registration will open in November, but you can sign up to be one of the first notified when it does open by filling out this form!

**Sign up to be the first to know when Registration Opens!**

### Year in Infrastructure Conference - October 21-24, 2019

If you are attending this year's annual Year in Infrastructure Conference, make sure you check out the Awards Finalists presentations and posters! If you run into Archway's Mike or Tom Lazear, make sure you say hello!

If you aren't able to make it to Singapore in a couple of weeks, check back in our November newsletter for more information about the conference and all that was announced! We will feature new products and new enhancements in our November newsletter!
