Virtual Bentley Bash 2023 - March 1-3

Register now for the annual virtual Bentley Bash taking place on **March 1st through 3rd!** With three days of sessions, you have plenty of classes to choose from! And because it's virtual, you have the option to come and go as you need!

We will cover topics on software such as **MicroStation, OpenRoads Designer, ProjectWise, OpenBuildings Designer, and SYNCHRO.**

And of course, don't miss our Opening Plenary session with **Santanu Das**, Chief Acceleration Officer at Bentley, as he addresses artificial intelligence and machine learning advances in digital twins for critical infrastructure like telecommunication towers, overhead transmission lines, and concrete dams.

Check out all of our sessions (more being added soon!) and register today!

New Civil WorkSuite Product

There's a new Virtuoso subscription product on the market! The new **Civil WorkSuite** subscription gives one named user access to all of the products in the bundle on one machine, all for only **\$4950** for the year!

The products included in the bundle are OpenSite Designer with SITEOPS, OpenRoads Designer, OpenRoads ConceptStation, OpenBridge Designer, OpenTunnel Designer, Pro Structures, LumenRT, Reality Modeling WorkSuite, and OpenFlow CivilStorm (250 Links) - **over \$37k worth of software!**

You also get 3 Keys which is good for about 6 hours of training! This bundle is hard to beat! If you are a one man shop who could improve your efficiency with all of this software, this is the best option for you. If you are in a small business with a few users needing this suite of products, this is the most cost effective option for you! Email us today at tom@archwaysystems.com to find out more and figure out the best solution for your company! **Or go on our website and buy today!**
